

NAME:

FUEL FILTERS OF TEDOM DIESEL ENGINES**1. INTRODUCTION**

- 1) The Guideline is obligatory for the TEDOM engines under warranty.
- 2) Fuel filters are divided into two groups:
 - a) Single-stage fuel filters
 - b) Two-stage fuel filters
- 3) The single-stage fuel filters shall be used only where prescribed by the manufacturer (see the Engine Spare Parts Catalogue). In other cases, the two-stage fuel filter shall be used exclusively.
- 4) Fuel filters must be replaced on regular basis in the intervals specified in the servicing schedule of each engine.
- 5) Only the approved fuel filter types may be used for fuel filter replacement.

2. NOTES:

- 1) *Approved single-stage fuel filters:*

- **FLEETGUARD FF231**
- **MANN FILTER WK940/5**

- 2) *Approved filter elements for two-stage fuel filters:*

Stage One

- **UNICO PH4 OTO**
- **MANN FILTER P929/1**

Stage Two

- **UNICO PJ4 OTO**
- **MANN FILTER P925/2**
